Learning Disability

Lanark Project

Lanark Project
31 Mousebank Road, Lanark, ML11 9AD
Tel: 01555 663 283
Email: lanark@themungofoundation.org.uk

Referral Criteria

The Lanark Project provides a service for adults of 18 years upwards who have a learning disability. Referrals are made by local authority Care Managers or health professionals. A single shared assessment will be carried out by the Care Manager with the service users needs and desires central to all discussions. Service users will be invited to visit the project prior to moving in. This will allow them to get to know staff and other service users and to ensure that they are confident that the service will meet their needs.

Services Offered

A comfortable safe place to live with a high standard of care and support.

A single room

A flexible service which meets the service users developing needs

A named key worker

A person centred and regularly reviewed care support plan developed with the service user which recognises their individual rights, needs and choices

Trained staff who will support the service user in a competent, professional, and flexible manner

Support to enable the service user to expand their capabilities and achievements by accessing a range of community services, resources and activities

Support to enable the service users to live as independent a life as possible, rich in purpose and personal fulfilment and to achieve all they can

The project is registered with and inspected by the Care Commission. Reports are available on request.

Service User Charter

Each service user will have the right to:

be treated as an individual

dignity, privacy and respect

participate in the planning of your care or support plan

receive care or support appropriate to your needs

expect confidentiality at all times

independence and accountability for your own actions

undertake individual tasks

equal opportunities in relation to services

access a formal complaints procedure and to be represented by a friend or advisor if you so wish

Lanark Project

The Lanark Project comprises two separate small residential care homes for adults with a learning disability and associated physical, sensory and mental health support needs. The houses, one of which is home to four individuals and the other home to five, are based in pleasant residential areas within the town of Lanark.

“

I have a better life now.
