Service User Charter

Each service user will have the right to:

be treated as an individual

dignity, privacy and respect

participate in the planning of your care or support plan

receive care or support appropriate to your needs

expect confidentiality at all times

independence and accountability for your own actions

undertake individual tasks

equal opportunities in relation to services

access a formal complaints procedure and to be represented by a friend or advisor if you so wish

Moffat Street Project

Moffat Street Project is a specialised residential care home service based in the Gorbals area of Glasgow which provides eight places for older people who have dementia. The service offers single en-suite bedrooms and shared communal areas. The staffing ratios reflect the individualised care provided.

Referral Criteria

In order to be referred for admission to the home, you need to contact your local Social Work office. A care manager will then be allocated to you and they will carry out an assessment of your needs. If you are being referred for admission, they will also carry out a financial assessment to determine how much you will pay towards the cost of living at Moffat Street.

After this process and following your referral from social work, staff will arrange for you to come and visit the home. They will talk to you about the home and what happens there and the next way to help you to move into the home.

Services Offered

- Single en-suite bedrooms
- Range of activities and outings
- Residents' day room and designated smoking room
- Hairdressing service (additional charge)
- Enclosed gardens to the rear of the building
- Residents' meetings
- Individual care planning sessions
- Flexible mealtimes
- Choice of menu

The Project is registered with and inspected by the Care Commission. Reports are available on request.

“

**With the help from staff, moving into
Moffat Street has felt like a home
from home.**
